DARBIN JOSHI

B.E. Computer Engineering Student | Software Engineering & Web Development
Dhulikhel, Nepal | padamraji34@gmail.com | +977 9824645273

PROFESSIONAL SUMMARY

First-year B.E. Computer Engineering student at Kathmandu University with hands-on software development internship experience and active personal web projects. **Working with C++, JavaScript, React.js, PHP, MySQL, HTML and CSS,** with a strong interest in software engineering, problem solving, scalable web applications, and continuous technical growth. Seeking internship and early-career opportunities where I can contribute, learn quickly, and build production-quality software.

TECHNICAL SKILLS

Programming: C++, JavaScript, PHP
Frontend: React.js, HTML5, CSS3, responsive web development
Database: MySQL, relational database fundamentals
Tools & Workflow: VS Code, GitHub, debugging, code maintenance, remote collaboration
Currently Strengthening: Data structures & algorithms, object-oriented programming, software engineering fundamentals

EXPERIENCE

Junior Software Developer Intern | EasyMy Learning Pvt. Ltd. | *Nov 2025 - May 2026*

- Contributed to assigned software development tasks in a professional remote environment, applying programming, debugging, and structured problem-solving skills.
- Maintained and updated code under technical guidance while learning practical development workflows, feedback cycles, and professional coding practices.
- Collaborated remotely, communicated technical requirements, and incorporated feedback into assigned development work.

SELECTED PROJECTS

StudyWithGame - Gamified Learning Platform | Personal Project, In Development | *PHP, MySQL, JavaScript, HTML/CSS*

- Building a responsive educational platform for Class 11-12 students with quizzes, question-bank management, progress features, and game-inspired learning mechanics.
- Designing database-backed workflows and iterating on UI/UX, responsiveness, dark/light themes, and admin-managed learning content.

Frontend & Web Development Projects | React.js, JavaScript, HTML/CSS

- Developed responsive interfaces and reusable web components while practicing modern frontend development, debugging, and user-focused design.

EDUCATION

Kathmandu University | Dhulikhel, Nepal
Bachelor of Engineering (B.E.) in Computer Engineering | 2026 - Present
First Year | Relevant foundation: programming, mathematics, computer engineering, and software development.
Nepal Education Board (NEB)
Higher Secondary Education (+2) - Computer Science

ADDITIONAL INFORMATION

Languages: Nepali (fluent), Hindi (fluent), English (professional working proficiency)
